Gainesville Daily Sun

VOL. XXII, NO. 149 GAINESVILLE, FLORIDA, TUESDAY, AUGUST 1, 1905 TEN CENTS A WEEK

THREE DEATHS AND TWENTY NEW CASES

Is the Report of Fever Situation in New Orleans.

QUARANTINE INJURING BUSINESS

Governor Vardaman, of Mississippi, Orders a Strict Quarantine of All Towns in His State Against New Orleans—Only Slight Spread of Fever.

New Orleans, July 31.—Official report of the city board of health to the state board of 20 new cases and three deaths, making a total of 227 cases and 47 deaths to date, indicate a very slight spread of the yellow fever here and to show all cases traceable to the original infection. Eighteen of the new cases are Italians, one an American, one a Frenchman and one German. All but five are below Canal street, and most of them in the French market section. One of those above Canal is the engineer of the steamship Cregan, a case reported from Central American, three others are Italians who came out of the lower district and the fifth is a young lawyer whose infection is doubtless traceable to the fact that his daily duties carried him to the civil district court. The court is located next to the historic Cabildo, within a stone's throw of the French market. Two of the three reported deaths are of Italians. There is still no report of New cases from outlying infection.

The most disquieting news in the yellow fever situation today is the evidence that panic is increasing in the smaller towns of Louisiana and Mississippi, and that a disposition is growing to revive the disastrous commercial quarantines of 1897, when some of the country towns even refused to receive ice or hardware from New Orleans. Columbia, La., bars all kins of merchandise except hardware. Utica, Miss., will not receive freight of any kind. Oayka, Miss., will take no fruit or vegetables. Jackson, La., wants no household articles from New Orleans. Several towns in Tennessee and others along the Mississippi Valley road in Mississippi refuse to allow express matter of any kind to be put off; Port Gibson, will not take bread nor anything wrapped in burlap that may be shipped from this city. Some of the Texas towns are asking that the mails be fumigated.

Quranatine Hurts Business.

If the movement to quarantine freight spreads, New Orleans will suffer much more seriously than from the fever itself.

Up to the present there has been no local apprehension of a dangerous epidemic and it was believed that if the boards of health in other states lived up rigidly to their agreement not to place any restrictions upon the transportation of freight there would be only a slight reduction of business and the chief inconvenience would be in the ability of country people to come here and of New Orleans people to go int othe southern towns and cities.

Anticipating quarantines, most of the business houses with the discovery of the fever, wired their drummers not to come to town, but to remain in their territory so that they might travel freely and send in their orders as usual during the prevalence of the sickness, but if there is an embargo put on freight now, New Orleans drummers will find their usefulness at an end and New Orleans' natural business will be diverted to other points.

The depopulation of the Mississippi Gulf coast towns of summer visitors from New Orleans continues owing to Governor Vardaman's determination that these towns shall have no communications with New Orleans. The governor said that he would not budge from his position if every man, woman and child on the coast personally appealed to him. He said leaving out the cost in human life, an epidemic of the fever on the coast would mean $10,000,000 in depreciation of [illegible]

zens of these towns to be bottled up and eat mullet and crabs and escape the yellow fever, than to get all the revenue they can out of the refugees and have one case of yellow fever among them.

Much Sympathy for Memphis.

Much sympathy is felt here for the City of Memhis, which has been compelled to quarantine New Orleans against her will. On the first report of the fever that city sent a representative here who put himself in close touch with the situation and saw no necessity for quarantine, and the health authorites would doubtless have kept their promise not to bar New Orleans refugees if the imposition of quarantines by other cities against Memphis had not forced them to act in self-defense.

Some inconvenience has been felt by the Chattanooga quarantine. Many well-to-do people here were sending their families to Lookout for the rest of the season, but the putting up of the bars at Chatanooga will divert New Orleans travel from that point.

The board of health repeated today its anouncement that the destruction of bedding and household property has no place in its campaign and that no such waste of property will be attempted. In former epidemics here millions of dollars' worth of household property was destroyed in the effort to exterminate the supposed germ of yellow fever.

Quarantine Rigidly Enforced.

Jackson, Miss., July 31.—Governor Vardaman has returned from the Gulf Coast country where he went for conference with marine hospital service men, and reports all quarantine matters in good shape. He was besieged to let the coast have communication with New Orleans, but turned a deaf ear to all entreaties. The governor appointed Adjutant General Fridge to look after land matters and gave him a dozen men to assist him. In the event these are not enough to keep quarantine machinery in good order, General Fridge is to have more. He also states that he has arranged bars to keep all mosquitoes from infected districts. Surgeon Wasdin report that there is not a suspicious case in Bay St. Louis.

No Fever at Gulfport.

Mobile, Ala., July 31.—Special from Gulfport, Miss., says:

Yesterday a doctor said he had a case of yellow fever and the authorities went to him and brought him down and he acknowledged he lied and they made him sign a statement that he lied.

An ordinance was passed here yesterday to this effect:

"Any person making statements about yellow fever in Gulfport that is proven untrue, will be fined from $50 to $100."

The citizens of Gulfport have offered money to protect the coast.

Dr. Wasdin and Dr. Donald, of the United States marine service, are here and state that under present conditions there is no chance for yellow fever to get on the coast. They went to Lumberton yesterday and pronounced a case out in the woods about a mile from Lumberton yellow fever, and have surrounded the house with soldiers to prevent the disease from spreading.

The revenue cutter Winona has been ordered to Gulfport, and Captain T. J. Jones sent his launch, Grace Dunbar, to protect this port.

Fever on Board Steamer.

New York, July 31.—Seventeen persons were removed from the steamer Seguranca and transferred to the detention hospital for observation when the setamer arrived from Colon today. Two of these were first class and five second class cabin passengers and ten were members of the steamer's crew.

Eight of the crew had been ill during the entire passage of the steamer, but six of them were reported to be convalescent when the Seguranca arrived today.

Four members of the crew suffering from yellow fever were removed from the steamer [illegible]

HAAS' REASONS FOR REFUSING TO TESTIFY

Before Grand Jury In Cotton Report Leakage Cases.

WOULD INCRIMINATE HIMSELF

His Attorneys Appear Before Judge Wright in Washington and Claimed Exemption for Their Client on Constitutional Grounds.

Washington, July 31.—The case of Moses Haas, one of the recalcitrant witnesses from New York before the grand jury in the cotton report leakage cases was heard by Judge Wright of the criminal court today. Mr. Haas was in the court room for the first time. Mr. Beckham, the other witness involved, was also present.

Messrs. Birney and Alter again appeared for Haas, and Mr. Birney presented the defendants' answer to the grand jury presentment. He quoted from the report of the leakage made by Secretary Wilson, and said that in the secretary's statement concerning himself were true they "involve him in an accusation of crime against the United States." Hence his refusal to testimy on the ground that his testimony would have a tendency to criminate himself. He claimed to be exempt from the requirement to testify on constitutional grounds and urged that he had intended no cotempt ad concluded as follows

"This respodent further says that his refusal to answer the questions propounded to him before the said grand jury were in good faith and only because he really believed that to answer said questions or any of them would or might tend to incriminate him in connection with the said Edwin Holmes and subject him to a penalty or forfeiture and such refusals were not, nor was any of them, made in contempt of the court or of the said grand jury or with any purpose to impede or obstruct the administration of justice, but only in furtherance of his claim of privilege under the constitution and laws of the United States as hereinbefore set forth.

"And this respondent verily believes that if he shall answer the said questions or any of them his answers will or may tend to incriminate him as aforesaid.

"The premises considered, your respondent respectfully submits that he should not be require to answer the said questions aforesaid and that the said rule should be discharged."

Wilson Will Not Resign.

Washington, July 31—Secretary Wilson, of the department of agriculture, today characterized as "wholly without foundation" the story that he will resign from the cabinet because of the exposures of the cotton leak. "You may states," he said emphatically, "that I shall not resign."

Ocean Liner in Flames.

New York, July 31.—Fire which threatened destruction to the steamLine, lying at her pier in the North river at the foot of Eleventh street, broke out early Friday night, and before it was extinguished did damage amounting to more than $5,000. In the electrical rooms, in which the fire started, nearly all of the machinery was damaged and the enitre electric working of the ship was interrupted. Water poured into the room and ran down into the engines, and it is thought that they are also damaged.

Big Timber Company Chartered.

Birmingham, Ala., July 31.—The Suwanee Timber company was chartered in the probate court under the new corporation laws of Alabama. The company owns 150,000 acres of Georgia timber lands, and is composed of H. J. Chandler, N. A. Gilbert and R. J. Frackelton, of Cleveland, O., and C. J. Haden and W. C. Dodson, of Atlanta. The main office of the company will be in Atlanta, the charter being obtained in Alabama on account of [illegible]

FIVE HUNDRED CAR SOF FRUIT

Ten Shiploads of Bananas Is Expectec At Mobile.

Mobile, Ala., July 31.—Over a quarter of a million bunches of bananas is the estimated cargoes of ten steamers due here the coming week from tropical ports to the United Fruit company. Besides these, there are four vessels up to the independent concerns with cargoes that will run up the amount close to the half million mark. It will record the greatest import of bananas in the history of Mobile, and will swell the revenues of port charges to enormous figures.

The increase is due to the fact that the United Fruit company and all concerns, together with four independent fruit companies, have withdrawn their base of operations from New Orleans, owing to quarantine restrictions and diverted their steamers to Mobile.

The steamers due during the week to the United Fruit company are the Alabama, Belverton, Condor, Taunton, Bluefields, Belize, Ellis, Dictator, the Olympia and Fort Gaines. To the independent companies, the steamers Jamaica, Vaccaro, Hiram and Harold are due.

This is the greatest array of fruit-carrying steamers to ever visit this port. It is estimated that nearly 500 refrigerator cars will be required to move the friut to northern markets.

AFRICANS FIGHT GERMANS.

Conflict Between Natives and Traders. Four Men Are Killed.

Berlin, July 31.—The South African company, whose traders and their guards, it is now admitted, came into conflict recently with French Senegalez soldiers on the frontier of the French Congo over the question whether certain territory is French or German, reports to the foreign office that in the fighting which took place three Germans were killed and four were made prisoners, and French Senegalez sergeant was killed.

The foreign office, as previously reported, is inquiring officially of the Cameroon government as to what really took place. The French government doubtless in the meantime will also be informed of the subject.

Both governments will then be in a position to locate the blame and take measures to prevent such collisions in the future. There is no disposition here to regard the incident as likely to lead to anything serious, although Germany will fully protect her colonists.

SANFORD SAYS WIFE IS GUILTY.

He Says He Would Gladly Give His Life to Prove Her Innocent.

Rome, Ga., July 31.—V. T. Sanford declines to make any further statement for the press. He does not undertake to reply to Mrs. Sanford's recent statements, otherwise than saying:

"I would go to the gallows with a light heart and a smile, could I only do so with the knowledge that she is as pure and innocent as she claims. For her sake and for my children's sake, I should be glad that she might prove her innocence, but this great satisfaction will never be vouchsafed.

"She is guilty, she knows it, and I know it, and it will be established by overwhelming proof."

Mr. Sanford is undoubtedly confident of acquittal.

Mrs. Sanford has been mingling with her friends all day and is as emphatic in her protestations of innocence as she has always been.

Actress Broke Collar Bone.

New York, July 31.—Miss Margaret Angelin, the actress, is lying at her summer home in Noroton, Conn., suffering from a broken collar bone and severe bruises as the result of being thrown from her carriage last week when her horse ran away. News of the accident has just been made public. Miss Angelin came to New York on a shopping tour. On returning from the Noroton station to her cottage, the horse became frightened. After a short run the carriage was overturned. Miss Angelin was thrown violently to the ground. She lay insensible until [illegible]

TONE OF RUSSIAN PRESS IS WARLIKE

As the Meeting of the Peace Conference Draws Near.

RESIST HUMILATING DEMANDS

Russians Seem to Think that Japan's Terms Are Far from Moderate and Also Criticise the Visit of Taft and Party to Japan at This Time.

St. Petersburg, July 31.—The tone of the Russian press grows more warlike as the peace conference draws nigh and the government on all sides is urged to resist humiliating demands even at the cost of continuing the war.

"Peace on the Japanese terms as outlined by Mr. Sato," says the Russ, which is the first paper to comment seriously on the Sato interviews, can only be an armistice."

The Russ, which has now the largest Liberal following, finds the Japanese demands far from moderate and sees little chance of the conference ending successfully, if Mr. Sato has correctly stated the Japanese position, but it appears he believes that Baron Komura's spokeman is acting on his responsibility, or scents a possible bluff to pave the way for acceptance of actual and more moderate terms by Japan.

The Sviet continues its fault-finding with the "tactlessness" of the visit of Secretary of War Taft and Miss Alice Roosevelt to Japan, while the United States is the host of the peace plenipotentiaries.

DAUGHTERS KNDNAP MOTHER.

Claim Is Made that Woman Is Held as a Prisoner.

Chicago, July 31.—Charges that Mrs. Sarah D. Mulholland, a wealthy woman from Vicksburg, Miss., is detained as a prisoner by her two daughters, the Misses Daisy E. and Hattie Mulholland, were made in the superior court Friday by Mrs. Kate Fovell, who claims tha she is also a daughter of Mrs. Mulholland. On the showing made by the bill Judge Dupuy issued a writ of habeas corpus commanding the Misses Mulholland to produce their mother in court.

Mrs. Mulholland is a widow of Chas. H. Mulholland, who for many years operated a line of steamboats on the Mississippi river between St. Louis and Memphis, and it is said that a desire to control the disposition of the fortune left by him is partly at the bottom of the present court proceedings.

In her petition Mrs. Fovell declares that the Misses Daisy and Hattie Mulholland have kept constant guard over their mother, have constantly kept the doors of their apartments locked and have refused to allow their mother to leave the premises unless accompanied by one of them. Mrs. Fovell insists that her mother has repeatedly expressed a desire to live with her and that the two other young women have refused to let their mother go for the reason that they desire to retain control of her money and property.

Want Receiver for Equitable

New York, July 31.—In the form of an amended complaint to a suit filed last April, suit has been brought in the United States circuit court for the southern New York district to have the entire $421,000,000 assets of the Equitable Life Assurance Society put in the hands of receivers, who shall take possession of all the funds and property held by the defendant society of every character and administer the same as [illegible] be directed by the court.

Second Attempt to Swim Channel.

Dover, England, July 31.—T. H. Burgess, started this morning on a second attempt to swim across the channel, entering the water at the coast guard station at Lydeck, 4 miles northwest of this port. Burgess in 1904 got within 4 miles of the French coast on his first attempt to swim the chan-

REAL ESTATE IS LIVELY NOW

Changes Are Rapid in Vicinity of University Grounds.

THE DEMAND IS GENERAL

And Prices Good, But Indications Are the City Will Build More Rapidly in Westerly Direction for the Next Two Years—Many Sales Last Week.

Real estate in the vicinity of the University grounds is rapidly changing hands, and prices have advanced considerably, ranging from $75 to $100 per acre, the price being governed by the proximity of the land to the University property. Four or five transfers were made during the week just closed, one sale aggregating twenty-eight acres, which it is understood brought $3,000. The trend is already turning westward, and that section of the city is assured of a wonderful growth within the next two years. The real estate market is lively everywhere, however, and property in any section of the city is in demand.

THE GAINESVILLE DIRECTORY.

This Book Will be in Hands of Public in Next Few Days.

After a strenuous undertaking of the compiler, Jesse E. Burtz, who labored for several weeks on the Gainesville Directory, followed by a similar effort on the part of the printer, this work, it is expected, will be before the public not later than Thursday of the present week, and it is safe to assure the public in advance that it will be a work which will be a credit to any city of the population of Gainesville, not only in Florida but in the South. The compiling of a directory, as will be better appreciated by those familiar with the work, is by no means an easy task, but more the reverse. It involves no end of labor—and tedious labor at that—and the fellow who compiles a directory and retains what little religion he might have when the book is finished, might be termed a rather patient individual.

In presenting this directory before the public the publisher has taken the precaution to use nothing but the best of material in the matter of stock. It will be a cloth-bound book, durable and lasting, and is destined to become an important factor in furnishing general information regarding the city and its people. The book will contain 118 pages between covers and will contain many illustrations of the city and surroundings, printed in half-tone.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

LONG DISTANCE TELEPHONE.

Work Will Begin on Gainesville-Jacksonville Line in a Few Days.

J. W. Riley, superintendent of construction of the Southern Bell Telephone Company, has arrived in the city, having come for the purpose of beginning work on the long-distance line between Gainesville and Jacksonville via Starke. The wire and other material is here and the "gang" is only waiting on the poles, the first delivery of which, it [illegible]d, will be made Wednesday. The work will be rapidly [illegible] calculated that within [illegible] weeks Gainesville will [illegible]hone connection with the [illegible].

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

BASEBALL TODAY.

Gainesville and High Springs Will Line Up on Local Diamond.

Lovers of the National game cannot afford to miss this contest, which will be pulled off at the ball park in this city today between the High Springs and Gainesville baseball teams. The game will be called at 3 o'clock, and it is to be hoped the boys will be encouraged by the presence of a good crowd.

The Gainesville boys, notwithstanding they are merely lads, are playing fine ball now, as was demonstrated in the game at High Springs a few days ago, when they were successful against the team of that town in the score of four to three. It also shows that the High Springe boys know a thing or two about the National game. The game at High Springs was played in an hour and a half.

Gainesville will need a good ball team, and it is the duty of our people to encourage the boys by a good attendance at all games.

Remember, the game will be called at 3 o'clock, so let everybody be on hand and "holler" for the boys.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

In the Mayor's Court.

W. W. Gary was arraigned in the mayor's court Monday morning upon a charge of slapping his wife during a domestic quarrel. Gary pleaded guilty and was assessed a fine of $2.50 and costs, which was paid and the defendant was released. Rather expensive slapping.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

Justice Colman's Court.

William Green, colored, was arraigned before Justice Colman Monday and was fined $25 and costs or three months on the "gang." Not having the wherewith to secure his release, he will try his hand at chopping turpentine boxes for the next quarter.

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

Coming Home of the Robesonians.

The above may not be understood by everybody, but with the large number of North Carolinians who have migrated in Florida, and particularly the large number who have come from Robeson county, understand what it means. Florida, at this time, having a very large number of turpentine operators who were originally located in the above point, will be glad to learn that the Atlantic Coast Line will put into effect on August 18th, 19th and 20th, a rate from Jacksonville to Red Springs, N. C., and return, of $19.90. This is one fare plus 25 cents, and this rate applies from all points on the Atlantic Coast Line in all States, not excepting Florida. Red Springs is an enterprising town and is a recognized educational center, noted for the wonderful and life-giving mineral spring located within its border. These tickets will be limited good to return to September 1st and can be extended to September 30th. For further information, schedules, sleeping car reservations, etc., write or call on Frank C. Boylston, District Passenger Agent, 138 West Bay St., Jacksonville, Fla.

Chinese Still Agitating Boycott.

Victoria, B. C., July 31.—Advices from Hong Kong, by the steamer, Tartar state that mass meetings of guilds continue to be held at Canton and Hong Kong at which arrengements are making to further the boycott against the United States, delegates have been appointed to visit diffeernt guilds in China and a board has been arranged to gather data from the Chinese in America regarding their disabilities, the information to be published in pamphlet form for distribution thorughout China and circular letters will be sent to Chinese in America urging them not to be disheartened but to stand staunchly by the movement. Chinese vernacular papers are printing columns of bitter attacks against the United States and recounting stories of alleged aid in inflaming the people of south China.

Crusade Against Pool Rooms.

Chicago, July 31.—After a day of activity against hand books and poker rooms, Chief of Police Collins' men last night attacked the pool room and gambling house of James O'Leary. Telephones, a big telephone switchboard and five poker tables were smashed and confiscated. Entrance to the place was effected after almost two hours of work by the police, who battered down five heavy oak doors and and a dozen trap doors with their sledge hammers and rams. Before the police reached the room, betting sheets and other paraphernalia were destroyed. The persons in the place when the police made their attack escaped.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Would Like to Be There.

A Maine French Canadian mill operative in Biddeford asked his overseer for a few days leave of absence. Being short of help, the overseer asked him if it was anything very particular that he wanted to stay out for, and he replied, "Yaasir; I'm goin' to git marrit, an I'd lak be there; that all."

An Art Critic.

"What do you think of our new oil painting?" asked Mrs. Newrich.

"Well," answered Mr. Newrich, "it seems good enough from the front, but if you turn it round and look at the other side I must say the material seems kind o' cheap."

A Clever Hint.

Mrs. A.—There are times when I wish I were a man. Mr. A.—For instance? Mrs. A.—When I pass a milliner's window and think how happy I could make my wife by giving her a new bonnet.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

ANNUAL DIVIDENDS.

ANNUAL DIVIDENDS applied to the reduction of premiums results as follows:

In 1894 premium on $3,000 was	$79.14
In 1905 premium reduced to	57.69

THE UNION CENTRAL LIFE INSURANCE CO. OF CINCINNATI

Writes all forms of policies on the ANNUAL DIVIDEND plan. It will save you money to investigate before investing in Life Insurance.

UNIVERSITY PLANS WILL SOON BE MADE

Architect From New York Will Begin Work Immediately.

BUILDINGS WILL BE FINE

Will be Among the Latest and Most Modern in the South—Plans and Specifications to be Presented to Board August 14th for Approval.

This looks like business, notwithstanding some efforts to prove the Buckman educational bill unconstitutional.

Greenville Temple Snelling of New York, member of the firm of Snelling & Potter, architects and engineers, has arrived in the city. Mr. Snelling has been appointed by the Board of Control and the State Board of Education to make plans and specifications of the proposed University of Florida buildings, to be located here, and will proceed at once with the work, having same ready for submitting to the joint board at the meeting to be held August 14 It is the purpose of Mr. Snelling to submit for the consideration and approval of the board plans for the most up-to-date University buildings in the South, and the same will no doubt be accepted.

FIRE AT GAS WORKS.

Occurred Monday Morning and Created Considerable Excitement.

An alarm of fire was turned in from Box 82 at 9:30 o'clock Monday morning, which summoned the department to the gas plant of the Gainesville Gas and Electric Power Company.

The department responded promptly, but owing to the material, together with the fact that the place was as dry as the proverbial cinder, the entire roof was in flames before water could be turned on. The department did excellent work, however, and managed to check the flames in a short while, notwithstanding that the roof, which was little more than a skeleton, was entirely consumed. There was little or no damage to the machinery, and the process of gas making was not disturbed.

The fire caused considerable excitement and it was one instance where the spectators did not have to be driven back by the firemen, owing to the presence on one side of a large gas reservoir and on the other the immense tank of the Standard Oil Company, filled with the products of that great concern. It was not necessary for the officers of the fire department to order "Stand back!" this time, as those present exercised that precaution without command.

It may have been a coincidence, but it is a fact, that just four years ago to the day, on Monday, and with only a few moments' difference in the time, a similar fire occurred at the gas plant. The origin of the fire is unknown. The damage has not yet been determined, but Manager Doig says it will aggregate several hundred dollars, and is covered by insurance..

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Midsummer Rates.

Just at this season of the year all those who have not had an opportunity to go away for a short vacation are now thinking of the best points to go and best and cheapest way to get there. As usual, the Atlantic Coast Line will operate their annual mountain and seashore excursion on August 15th. With their superior schedules and their train service in general and exceptionally low rates, this mid-summer excursion will enable almost anyone to visit the resorts in North Georgia, Tennessee and North Carolina. The rates to Norfolk are exceptionally low. There will be special train service over the Atlantic Coast Line in both directions between Jacksonville and Norfolk—through sleeping car service. In addition to these low rates, which will be supplied on application to the Atlantic Coast Line office, at 113 West Bay street, Jacksonville, there are excursion rates beyond Washington making close connection with trains from Florida over the Atlantic Coast Line for all points in New York. In addition to the steamer lines leaving Norfolk for Boston, Providence, New York and Washington.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day.

Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

GAINESVILLE'S FIRST COTTON.

It Arrived Saturday and Was Purchased by John Chesnut.

The first cotton of the season arrived in Gainesville Saturday, and was, as is usual every year, purchased by John Chesnut at a fair price.

The cotton was grown by Sam Fraser, an industrious colored farmer, and was of very fair quality.

It is a peculiar fact that each year, as a rule, the first cotton produced and marketed is by colored farmers. The first produced in the county this year and placed upon the market was also raised by a colored man and purchased by C. B. McClenney, Sons & Co., Cadillac, mention of which was made in The Sun of Friday, the 28th inst.

Hurrah for the thrifty colored farmer.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

Low Rates to White Springs.

Spend a while at White Springs, the leading health resort of the State. On the far-famed Suwannee river. The Gainesville and Gulf offers the following low round-trip rates from Gainesville: Sunday only, $1; ticket good going Saturday and returning Monday, $2.50; ticket good for fifteen days, $3. Double daily service. For further particulars inquire of ticket agent. tf

LAST STAGE OF THE STRIKE.

Teamsters in Chicago Give Up Fight and Seek Old Jobs.

Chicago, July 31.—Applications for work by scores of truck drivers mark what is believed to be one of the last stages of the teamsters' strikes. While a few of the men were told to report for duty next Monday morning there was no general reinstatement of the strikers, the employers' association having decided to await the action of the coal teamsters tomorrow before removing the ban against their former employes.

Many of the State street stores tried making deliveries in the outlying territory without police proection. The plan was generally successful. As an evidence, however, of the precatutions still being taken against possible violence to the nonunion teamsters, Assistat Chief Schuettler last night reported 2,200 patrolmen still on duty.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Roosevelt Visits Coney Island.

New York, July 31.—President Roosevelt visited Coney Island Friday to inspect the institutions established there by the city of New York to improve the condition of the poor. The president was accompanied by Mrs. Rosevelt and Jacob Riis. The trip from Oyster Bay to Seagate was made on the naval yacht Sylph. The president decided to remain at Coney Island for several hours, after which it was his intention to return to Oyster Bay on the Sylph.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Fifty People Injured in Wreck.

Kansas City, July 31.—A special to the Star from Ft. Smith, Ark., says 50 people were injured today in a wreck on the Little Rock and Ft. Smith railway at Ozark. A. F. Gant, a Memphis traveling man, is believed to be fatally injured. St. Louis and Kansas City people are reported to have sustained injuries.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

Attention, Voters.

We wish to inform the patrons of The Sun that no votes are allowed in the Library contest on money paid for advertising in The Sun. Only those who pay the sum of $1.25 or over on subscriptions to The Daily Sun or those who pay cash for job printing will be allowed to vote.

Those who pay $1.25 will be allowed 75 votes for the organization of their choice; $2.50 entitling them to 200 votes, and $5 will entitle them to 500 votes.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

Ayer's Hair Vigor. Does four things and does them well. Restores color to gray hair, stops falling hair, makes the hair grow, cures dandruff. Isn't this enough

DR. MOFFETT'S TEETHINA (TEETHING POWDERS) Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY*. Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo. *Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.*

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The "Black Kid," who escaped the gallows at Starke' will be examined as to his sanity.

Alexander H. Stephens of Georgia is the new principal of the West Palm Beach school.

The cotton crop in the vicinity of Glen St. Mary is very good and picking will soon commence.

Winter Haven is to have a factory for the production of brick and cement for building purposes.

Pensacola will have an additional school building to cost $1,310. J. M. Crona received the contract.

The Metropolis at Jacksonville will soon add a Goss press to its equipment that will print 25,000 12-page papers in an hour.

The carpenters of Jacksonville are having some trouble in regard to the rate of wages, asking a raise of 50 cents a day of eight hours.

Lanark-on-the-Gulf is fast coming to the front as a summer resort. People from the northern portion of the State are there in large numbers.

Mike Spencer and Adolph Gilmore, two ebonies, engaged in a saloon fight at Pensacola Saturday night. Gilmore is in the hospital and Spencer in jail.

Gov. Broward has appointed Leon Hale of Tampa, A. H. D'Alemberte of Pensacola and A. R. Wise of Lake City members of the State Board of Pharmacy.

J. L. Green and Edward McCrae fought a duel near Sanderson a few days ago and both are dead. There is no grounds known to anyone for the shooting.

Fernandina's hotel association object to paying an architect $12,000 for the plans of the hotel they want to build that won't cost more than twice that amount.

H. J. Mobley of Dade City, after raising a large quantity of tomatoes from one acre, planted corn on the same land and will harvest a large crop this fall.

John B. Vaughan, the Pensacola man who shot at a man named Nichols and killed Burney Nall, a traveling man, has been sent to the penitentiary for five years. He has served one term—as member of the Legislature.

The safe of the Southern Express Company at Palatka was burglarized at 3 o'clock Saturday morning and $2,000 in currency taken. A man named Graves sleeping in the office was bound hand and foot and his keys taken from him.

The Times-Union correspondent of Miami says "there is not an idle man in Miami, unless he wishes to be idle," while another item says "tramps and those without a visible means of support are being cared for by the sheriff and his deputies."

The electric storm which occurred at Bartow last week seems to have had it in for that place and the surrounding country. It not only gave several passengers on the A. C. L. a good scare, but struck the new hotel, tearing away about two feet of the brick work.

The funeral of the late General Robert Bullock took place at Ocala Friday afternoon from his late residence, and was one of the most largely attended funerals in the history of Ocala. The Masons had the funeral in charge, and Rev. W. C. Lindsay of the Presbyterian church was the officiating minister. The Masons, Ocala Bar Association and Confederate Veterans attended in a body.

A traveling man entered a Tampa hotel Saturday and registered from New Orleans. There was a stampede from the hostelry in question, and the genial drummer was at a loss to observe the manner in which his friends hid under the tables and hiked for the free atmosphere. After he had succeeded in persuading the hotel clerk to come forth from under the desk, whither he retired when he saw the fatal inscription, he informed him that he had not been in the Crescent City in two months, and peace descended on the scene.

All Druggists—Two sizes—50c. and $1.00.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Distinguished Railroad Party.

A distinguished railroad party, comprising General Superintendent M. Riddell and Superintendent of Transportation J. M. Brand, with headquarters at Savannah, passed through the city Monday from the South. These officials were en route to points on the Jacksonville and Southwestern division of the Atlantic Coast Line and propose to go as far west as the road is completed.

While nothing authentic can be ascertained, it is believed that the Atlantic Coast Line will inaugurate its through service between St. Petersburg and Jacksonville via Gainesville within the next month.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Revolution Threatens Argentine.

New York, July 31.—In view of reported threats of an outbreak by revolutionists the precautionary measures of the government have now been extended to the navy, cables the Buenos Ayres, Argentine, correspondent of the Herald. All vessels are moored in the roads, prepared for any eventuality. The radicals say the alarm is without foundation and allege that it is fostered to prevent congress from voting amnesty for those in the army and in civil life who were engaged in the last revolution.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

HORSE SHOW PRIZES REDUCED.

The Louisville Association Will Hold Show in October.

Louisville, July 31.—The directors of the Louisville horse show association today decided that the annual exhibition will begin the second day of October. The number of prizes have been reduced by eliminating classes that hitherto have not filled, but the amount of the remaining premiums has been increased.

The premium list provides $12,000 for harness horses, $12,000 for saddle horses, divided equally between the five gated and the three gaited horse, with a liberal allowance for roadsters and jumpers. There are four members prizes of $1,000 each for three-gaited and five-gaited runabouts and harness horses. Competition in this is limited to members of the association.

The usual $1,000 championships are offered, and in addition to these there are as many as six $500 prizes for saddle horses and eight $500 prizes for harness horses.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

California Flood Under Control.

Los Angeles, Cal., July 31.—The flood at Salton sea is again under control according to the district superintendent Inam, of the Southern Pacific, who has arrived from the scene. With Epes Randolph, F. Rockwood, Superintendent Inam and other experts, a thorough investigation has been made of the situation. A special train having been sent for the purpose from Los Angeles Wednesday night, Superintendent Inma, for the Southern Pacific compan, had a "shoofly" around its tracks, now submerged, and it will be completed in a few days. It will be between 10 and 12 miles long. There has been no damage that cannot be repaired and none is anticipated. The Colorado river is reported falling steadily as it has been for several weeks.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from overexertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me.
CHARLES GOODRICH,
Caruthersville, Mo.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
Miles Medical Co., Elkhart, Ind

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

AN ADVERTISING THOUGHT.

It's as easy to run an ocean steamer with a sewing machine treadle as it is to build up a business in the way some merchants advertise.

It is very annoying to some people to think the Legislature passed a few laws that they couldn't break.

The supreme court has decided that there shall be no Sunday baseball. And the supreme court is not made up of "Rubes."

Some people have to make a lot of noise to make themselves believe they are having a good time.—Richmond (Va.) Journal.

A man who has been trying to follow a health doctor's advice for about six months, has decided that life is not worth the living.

Baron Komura, the Japanese peace plenipotentiary, and Baron Kaneko, the financial agent, are both graduates of Harvard College.

The survey will now be made for the drainage of the Lake Okeechobee in the Everglades, but it will be some time before the water is out of the lake.

The Japs have now invaded Siberia. If they keep on Russia won't be able to pay any indemnity in anything but money, as they will have no territory left only the homestead.

The people who leave their comfortable homes, with large, airy rooms, and go to a summer resort where they sleep in a box stall, soon learn that "there is no place like home."

Tampa may be putting up a bluff on Jacksonville after all in regard to that yellow fever case. But this is one instance where the city on the St. Johns will let Tampa score one on her.

The police of New York found a man with four wedding rings in his pocket. They followed him to the hotel, and when he registered from Utah, there was a cheap looking lot of bluecoats.

The school of Technology to be opened at Lake City will be a grand institution for the State of Florida, as it will afford young men who desire to learn a trade to do so at the time they are securing an education.

While we don't mind the remarks of people who make a failure of their own business, concerning our own, it is very cheering to The Sun to know that with the increase of the population of the city our subscription list keeps pace with it in growth.

A dispatch from Tallahassee on Saturday says: "In answer to Governor Broward's request, the supreme court has declined to give an opinion on the constitutionality of the recently enacted law generally known as the Buckman educational act. The court is not authorized to pass upon the constitutionality of statutes affecting the Governor's executive duties and powers."

REAL ESTATE.

Real estate in Gainesville still continues to be active, and the prices remain firm The location of the State University in this city has had a tendency to strengthen the market, although prices have not soared much on that account, as they were well up before that event took place and did not drop any when it was thought we would not win in the contest.

The location of Gainesville, the health of the city and the many conveniences enjoyed by our people have made it popular as a residence city, which has been the means of bringing many here to make it their permanent homes, while the Bible Conference and Chautauqua will induce many to make their winter homes here.

The disbanding of the East Florida Seminary will make some difference in the residents for a time, as members of the faculty will go to other places and new people will take their places.

There has been a steady building boom in the line of residences in the city, yet there is a scarcity of houses for rent at present, which may be relieved for a time later in the season, but only for a short interval, for when the winter visitors begin to arrive there will be enough people here to occupy all the houses and rooms that can be obtained.

There is not much danger of a decline in real estate for some time to come, and when the University gets located here and our Graded and High School placed on the University list, we will be looking for more "rooms to rent."

The Orlando Star, discussing the location of the University, states that "Mr. Yonge and the Board of Education, all politicians, now in office, favored Gainesville." The designation of Mr. P. K. Yonge of Pensacola as a "politician," is amusing. No citizen of Florida less deserves the term. His only "offence" in this respect is that he was recently chosen as a councilman in Pensacola. He is justly regarded as one of the most responsible and dependable members of the Board of Control, and his splendid business qualifications will be manifest in all the proceedings of that body as long as he remains a member.—The True Democrat.

The Tampa Tribune says the law prohibiting baseball and bowling games on Sunday was enacted by "Rube" legislators. Following are the names of the senators who voted for the bill on its final passage: Mr. President Trammell, Adams, Bailey, Baskin, Canova, Clarke, Crews, Crill, Davis, Faulkner, Gillen, Hudson, Humphries, Jackson, Lee, McCreary, Massey, Neel, Newlan, Sams, Wilson—21. Of these six are lawyers, three bankers, four farmers, three merchants, two editors, one phosphate miner, one hotel proprietor and one pilot.

Some people are afraid that the school at Lake City will be a damage to the State University. There need be no fear along this line, for the University, with its departments of law, medicine and literature, will draw the students who are searching for an education along such lines, while the school at Lake City will draw students who want to learn trades and study mechanics. The university at Gainesville will have the support of the press and people of the State, and the press of the State is its staunchest friend.

Said William to Nicholas, out on the sea,
If you'd always be rich, why just follow me;
Extend your activities, be rocky in tone,
If you keep the world guessing, they'll let you alone.
Then Nicholas looked from one eye at Bill,
And said of advice he had had quite his fill;
So let up on your talking, I've had quite enough,
I tried the extension, but the Japs called my bluff.

How's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

The Jacksonville Exposition and Pure Food Exhibit will be a grand thing for Florida. Such an exhibition should be made permanent, where many of the products of the State could be seen at all seasons of the year. An aquarium with the various kinds of fish, a zoological garden with the various kinds of game, and a mineral display, would be attractive at all times. The present plan is to open the show from January 4th to 18th, 1906, but a permanent attraction would be a winner, as all people go to Jacksonville.

Havana is having her inning now and has quarantined against New Orleans and Tampa. Only a few years ago it was different, but the people of the city on the island have "got the habit," and by their cleanliness have kept the yellow terror from their shores. Their example should be followed by some of our Southern cities. It is so much cheaper to keep clean than it is to fight disease.

Peoria, Ill., has six distilleries which last year paid a revenue of $34,000,000. If these distilleries were constantly running at their full capacity it would require each day 1,000 acres of corn yielding 40 bushels per acre to supply them. An average of 2,000 barrels of whiskey a day is made.

Our Ocala brethren, Harris and Bittinger, are pehaps satisfied now. They have been talking so much about gubernatorial candidates that The Manatee Record has suggested Bro. Bittinger's name, and we may expect to see the name of Bro. Harris run up the next thing.

What's the use of a man wishing to live a hundred years, when he goes into the hole deeper and deeper every year he lives?

Two Boys Drowned in Well.

Birmingham, Ala., July 31.—Two boys, Milton Gilton, white, and a negro boy named Arnold, drowned in an open well at East Birmingham while fishing with three companions. The boys were seated on a plank and the acquisition of an additional fisherman broke this, precipitating all in the well. Three escaped unhurt, but the others were drowned in 7 feet of water.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

J. S. Bedford & Co., Special Agents

LIFE IN JAVA.

The Natives Are Grave and Mainly Live and Eat in Public.

The Javans live much in public, and the poorer classes, instead of eating their meals at home, as is the manner of the unsociable Hindoo, seem usually to breakfast and dine at one of the itinerant cookshops to be found at every street corner. More exclusive people may be seen buying the small packets of curry and rice wrapped in fresh plantain leaves and pinned with bamboo splinters, which are intended for home consumption.

To stroll down a village street and watch the culinary operations in progress at wayside eating shops was an unfailing source of amusement, and very clean and appetizing they looked, though the smell was occasionally somewhat trying to the European nose. The Javans, like all rice eating people, are fond of pungent and evil smelling sauces, and equivalents of the Burman gnapee and Japanese bean soy are in constant requisition.

The natives, and especially the children, look fat and healthy and appear to enjoy life under easy conditions, though they are, generally speaking, of grave demeanor and are not endowed with the unfailing vivacity which distinguishes the Burmans and Japanese. During the six weeks that we spent in the island we did not see half a dozen beggars and, except in cities, certainly not that number of policemen.—Pearson's.

THE VEILED PROPHET.

He Was the Most Noted Impostor of the Middle Ages.

The celebrated "veiled prophet" of history was a Moslem fanatic whose real name was Haken Ibn Hashem. He was born about the middle of the eighth century and became the most noted impostor of the middle ages. He pretended that he was an embodiment of the spirit of the "living God" and, being very proficient in jugglery (which the ignorant mistook for the power to work miracles), soon drew an immense number of followers around him. He always wore a gold mask, claiming that he did so to protect the mortals of this earth, who, he said, could not look upon his face and live.

At last, after thousands had quitted the city and even left the employ of the Caliph al Mohdi to join the fanatical movement, an army was sent against the "veiled prophet," forcing him to flee for safety to the castle at Keh, north of the Oxus. Finally, when ultimate defeat was certain, the prophet killed and burned his whole family and then threw himself into the flames, being entirely consumed except his hair, which was kept in a museum at Bagdad until the time of the crusades. He promised his faithful followers that he would reappear to them in the future dressed in white and riding a white horse.

FABLE OF THE PANSY.

The Family of Six That Is Contained in the Flower.

A pretty fable about the pansy is current among French and German children. The flower has five petals and five sepals. In most pansies, especially of the earlier and less highly developed varieties, two of the petals are plain in color and three are gay. The two plain petals have a single sepal, two of the gay petals have a sepal each, and the third, which is the largest of all, has two sepals.

The fable is that the pansy represents a family consisting of husband and wife and four daughters, two of the latter being stepchildren of the wife. The plain petals are the stepchildren, with only one chair; the two small, gay petals are the daughters, with a chair each, and the large, gay petal is the wife, with two chairs.

To find the father one must strip away the petals until the stamens and pistils are bare. They have a fanciful resemblance to an old man, with a flannel wrap about his neck, his shoulders upraised and his feet in a bath tub. The story is probably of French origin, because the French call the pansy the stepmother.

Sunlight and Eyesight.

Sunlight as distinct from sun heat is of benefit to human eyes. Unless refracted from white cliffs or stretches of sand or by other means, it does not cause any impairment of vision. It is the natural provision of the sense of sight and is in harmony with the natural period for work and pleasure—that is, the day. So soon as we introduce artificial light we deal with that which needs caution. A dim light injures vision because the eye alters its shape to receive the feeble rays. On the other hand, a strong artificial light will produce inflammation of the eye surface and worse.

Had One Too Many Himself.

"Serves him right!" murmured Mrs. Henpeck, looking up from the paper in which she had been reading of the arrest of a bigamist.

"Serves who right?" asked Henpeck.

"Oh, a man who took one wife too

PITIABLE IMPROVIDENCE.

The Way Money Is Wasted Through Ignorance of Food Values.

Examples of glaring ignorance of food values may well be culled from the notes of those experts who have visited the poor of the different cities. In the slums of Chicago it was found that a woman whose husband was out of work and whose family was living on a few cents a day bought lettuce, a food so innutritious that, at least when out of season and high in price, it is a luxury even for the rich. This woman sacrificed the inexpensive but nutritious classes of foods for leaves containing over 80 per cent of water and 15 per cent of refuse. It has been truthfully said that a man would starve to death on a diet of lettuce alone.

Pitiable improvidence was found in the New York slums. A watchman was feeding his family at the rate of 14 cents per person a day—all that he could afford—yet his wife bought expensive cuts of beef instead of the equally nutritious cuts of lower price; also large quantities of butter whose value might have been invested in dried beans and more bread. She also wasted money on soda crackers and jumbles costing two or three times as much as bread and containing no more nutrition. It was estimated that his wife might have obtained about eight times as much nutrition for her money had she substituted dried peas for green peas. Another large saving would have been the substitution of fresh for condensed milk.—John E. Watkins in Reader Magazine.

THEY WERE GLUTTONS.

The Gormands of the Eighteenth Century In England.

Plenty was the watchword of the eighteenth century gormand in England. His tables groaned under an array of food warranted to take away the appetite of all save the Gargantuas of the day. One blessing was evolved from the old sops and the later bisques and olios—soup, which now was ever the prelude to the dinner. It was removed for meat or fish—a chine of mutton and three ducks in the case of Squire Hill at Teddington, who, for entrees to support them, offered pullets with eggs, fillet of beef and scollops, turkey en daube, stewed carp, veal a la royale, fricasseed chicken, with ham and pigeons for center dish. This was but the first course or relay. Next came the roasts—two pheasants and four partridges and six teal, and now, for side dishes, sweetbreads and marrow, four woodcock and ten snipe, salmon and smelts, marrow pudding, fore quarter of lamb and oyster loaves. For center dish, mince pies. And men ate and survived, and still had heart within them to wait the removal of the cloth, and, greeting the dessert, sat over the mahogany until indeed they fell beneath it. After all, gormand is not the name for such as these. They were gluttons.

Stevenson's Love Toast.

A beautiful testimony to one's home loves was paid by Robert Louis Stevenson at a thanksgiving dinner in Samoa.

"There, on my right," said Stevenson, replying to an unexpected proposal of "The Host," "sits she who has but lately from our own loved native land come back to me—she whom, with no lessening of affection to those others to whom I cling, I love better than all the world besides—my mother. From the opposite end of the table, my wife, who has been all in all to me, when the days were very dark, looks tonight into my eyes—while we have both grown a bit older—with undiminished and undiminishable affection."

Which Won the Prize?

Three students of the Ecole des Beaux Arts, Marseilles, were talking in a cafe. "My dear fellow," said one, "I painted the other day a little piece of pine wood in imitation of marble so perfectly that it sank to the bottom of the water."

"Pooh," said another. "Yesterday I suspended my thermometer on the easel that holds my 'View of the Polar Regions.' It fell at once to 20 below zero."

"That's nothing," said the last. "My portrait of the marquis is so lifelike that it has to be shaved twice a week."

How Flies Walk on Window Panes.

The microscope reveals the neat contrivance which enables a fly to walk up a window pane or defy the laws of gravity by gliding along, back downward, on the ceiling. The magnifier shows the foot to be made up of two pads covered with fine, short hair, each pad having a hook above it. Behind each pad is a bag filled with a sticky liquid which oozes out whenever the fly puts his foot down. The amount which is pressed out of each foot is very small indeed, but, taken all together, it is amply sufficient to hold the insect in any position he chooses.

Her Failing.

Bank Cashier—You have overdrawn your account, madam. Lovely Lady—

THE CAPE OF GOOD HOPE.

Some Facts Concerning It That Are Not Generally Known.

Though every schoolboy presumably knows to a nicety where the Cape of Good Hope is situated, there does undoubtedly prevail in less enlightened circles some vagueness of conception as to the exact locality of that celebrated headland. Even the gentle reader is faintly conscious of uncertainty and answers with a briskness not born of conviction: "The Cape of Good Hope? Why, of course I know where it is. Down at the end of South Africa." Gentle reader, you are not very far out, fifty or a hundred miles perhaps. And, as you say, it is not of the slightest consequence from a practical point of view.

The Cape of Good Hope lies at a considerable distance from the end and is, in fact, the middle of the three promontories, severally inconspicuous, which jointly terminate a slender peninsula, some twenty miles in length, forming the barrier between False bay and the Atlantic ocean on the west. These three headlands, lying near together and commonly undivided on a map of moderate scale, are locally designated Cape Point. It was here that Bartholomew Diaz first encountered in full force the prevalent southeasterly gales and denounced the rugged, threatening, threefold promontory under the sounding appellation of the Cape of Storms, to be afterward rechristened by pious, trustful hearts the Cape of Good Hope. The Cape of Storms, the Cape of Good Hope, Cape Farewell! Is there nothing in a name?

TOBACCO HEART.

The Way Smoking Acts Upon and Injures the System.

Are you "learning to smoke," boys? Learning by heart—"tobacco heart?" Read what a doctor says in the Medical Summary and then enjoy your smoke—if you can:

In smoking tobacco we take in carbonic oxide, several ammonias and a very poisonous oil containing nicotine. The ammonias and nicotine are the substances which by acting in numerous directions are so injurious to the system. The ammonias act on the blood, making it alkaline and fluid, thereby impairing its nutritive property.

The stomach is debilitated and dyspepsia induced. The innervation of the heart is disturbed, its action is weak, irregular and intermittent, and faintness and vertigo are the consequences.

Owing to the disturbances in the blood and heart the process of nutrition is slow, and in the young seriously affected tissue is paralyzed and vision is impaired.

Tobacco is essentially a functional rather than an organic poison. It modifies the special energies and not the structure. Tobacco is eliminated by the kidneys and very rapidly; consequently the bad effects quickly disappear under proper treatment if, however, the habit is given up.

Japanese Politeness.

A Russian soldier left behind his brothers in arms. He slowly rose up and faced his captors. They smiled amiably, and, reassured, he pulled off his cap and commenced to fan himself with it. Now, it is a common custom for a Japanese soldier to carry about with him in the hot weather a small fan. On this occasion a fan was forthcoming and handed to the Russian, but he refused to take it, preferring to use his cap. Still, with an amiable smile on his face, one of the Japanese again proffered him the rejected fan, at the same time covering him with a revolver. The captive took the gift without further reluctance.—From Brindle's "With Russians and Japanese."

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

Nero's Appearance.

In his youth Nero was remarkably handsome, but early in manhood his habits of dissipation made him exceedingly corpulent. To judge from his medals and the descriptions left of him he must have weighed over 200 pounds. His features were regular, but his eyes were so protuberant as to be almost a deformity, and he was nearsighted, so much so that he could not recognize his acquaintances across the street.

His Mistake.

Mr. Slimsky—I don't believe the city water is safe. I notice it has a clouded appearance this morning and tastes sort of—milky—and— Mrs. Slimsky—That glass contains milk, Mr. Slimsky. The water is at your left. And, by the way, your board bill was due yesterday.—Cleveland Leader.

THE DAILY SUN.

ANOTHER ANTI-PASS BILL.

Measure Provides for Increase of Per Diem—Other Bills Introduced.

Atlanta, July 31.—At the short session of the house Friday afternoon Mr. Williams of Laurens, introduced a bill providing for a constitutional amendment, which, if passed by the general assembly, and ratified by the people, will increase the pay of legislators from $4 to $7 per day, with the exception of the speaker of the house and president of the senate, who shall receive $10 a day.

The bill further provides that no member of the general assembly shall receive a railroad pass or frank of any kind from any corporation.

Under Mr Williams' bill the penalty for receiving such a pass of a frank would be impeachment of the member found guilty.

The difference between the measure of Mr Williams and the anti-pass bill by Mr Hall, which was killed by the house several days ago, is that the former would affect only members of the general assembly, while Mr. Hall's bill provided that no state official, from governor down to bailiff, should be the recipient of favors from railroad and other corporations.

In the Senate.

The senate was jam up with business when that body convened Friday morning, so it took but a short time to dispose of several local house bills which were put upon their passage.

An important joint resolution was introduced by Senator Steed Friday which provides for visits by legislative committees to the various convict camps of the state.

Owing to the fact that more than 20 convict camps have been added to the list since the new law went into effect allowing the counties to work them, the number of camps to be visited by the committees has been increased.

Senator Steed's resolution provides that the chairman of the committees having the matter in cvharge shall appoint a subcommittee consisting of three from the house and three from the senate to visit these various camps of convicts and report their condition at the next session of the general assembly.

Under the rules the resolution will lie on the table one day.

MAN KILLED BY FALL.

Fell from Train or Was Thrown From It.

Macon, Ga., July 31—Emmett Reynolds, Ga., who was [illegible] miles from Milledgeville, Georgia railway, lying under a Fishing creek swamp, [illegible] p. m.

He is supposed to have fallen from a train that left Macon [illegible] for Charleston, S. C. [illegible] was the first impression to many peculiar circumstances that have developed, it is [illegible] he was thrown from the train in a fight or for the robbery.

The body was found a man by [illegible] Snow came from the [illegible] swamp and asked those [illegible] Mims if they had seen [illegible] hat. Snow, it is said, [illegible] the party that brought [illegible] city as far as the state [illegible] they were met by a man [illegible] same as J. Green.

All the features of children are graceful. The reign of distortion commences with the introduction of the dancing master.—Reynolds.

Town Flooded with Spurious Coin.

Cedartown, Ga., July 31.—A great deal of spurious coin has been put into circulation in this city in the past few days. Most of the coins are silver dollars and are as good a counterfeit as has ever been seen here. The coins weigh identically the same as a standard dollar and have a silver surface to them and the inside is of some cheap metal. A merchant had several passed on him and he thinks probably that he knows who is making them. He thinks that they are being made in this city. A sharp search will be made to locate the guilty one if he is operating in this city.

Kentucky Woman Found Dead.

Nashville, Tenn., July 31.—A dispatch from Guthrie, Ky., says that Mrs. B. J. Luster, wife of the manager of the Cumberland Telephone company, exchange at that place, was found dead at her home there this morning with a bullet through her head. Luster disappeared froh home a day or two ago.

Old Sevres.

Old Sevres porcelain holds its own among those who are wealthy enough to buy it, because, within definite limits, it is perfect. The united skill of the best French chemists, potters, artists and sculptors of the time went to its making; the sordid necessity of earning a profit did not trouble the director of Sevres, for an easy going monarch was always ready to make good the yearly loss.

Technical perfection—no less—was aimed at, and it was attained. Frenchmen of that day grumbled at the waste of public money on the Pompadour's whim, but Louis took no heed. Sevres was to produce the finest porcelain at any cost, for the glory of France and her Bourbon kings.—London Outlook.

Somber Christianity.

The Auld Licht kirk when Dr. Chalmers visited it was a terribly bare little building. The elders were a grim set. They kept their bonnets on their heads till the minister entered, and they had each a large stick in hand, which they used for "chappin" their noses through all the service. The minister wore no gown or bands. He gave a very long sermon, full of sound divinity, but without the smallest practical application and without a vestige of feeling. At length Dr. Chalmers got out, the dismal worship being ended, and his word was, "If these people ever get to heaven, they will live on the north side of it."

Indian Magic.

A traveler tells a story of Indian magic. The juggler was a Malay, who stroked with his fingers the blade of a long knife or cresse. The observer saw water fall drop by drop from the blade, which became flaccid, like a strip of india rubber. Thrown on the ground, it bounced about, but was a knife blade again when lifted by the juggler. An examination showed that there was no water on the mat on which the observer saw the drops falling.

A Prayer Before Work.

The day returns and brings us the petty round of irritating concerns and duties. Help us to play the man; help us to perform them with laughter and kind faces; let cheerfulness abound with industry; give us to go blithely on our way all this day; bring us to our resting beds weary and content and undishonored, and grant us in the end the gift of sleep. Amen!—Robert Louis Stevenson.

Unanswerable.

Husband—Do you really need a new hat? Wife—I always need a new hat. Husband—Then what's the use of getting this one?—Life.

Three Bank Bills.

General Samuel Veazie of Bangor built the first railroad in Maine and also founded the Veazie National bank of Bangor. He had occasion to visit Boston once and made the trip by the circuitous means of transportation used in those early days, by stage, railroad and steamboat. He arrived in Boston in the evening and went to the old Tremont House for the night. All he had with him was an old carpetbag, and as he was unknown to the clerk he was informed that, having no baggage, he would be expected to pay in advance.

"All right," said he, reaching into his inside pocket. He drew out a pocketbook and took therefrom a $1,000 bill of his bank. The clerk took it, got out his bank detecter and looked up the standing of the Bangor bank institution. In a moment he came back and said:

"That bank has issued but three bills of that denomination."

"Yes," said the general, "and if that one is not enough for you, here's the other two." And he laid the bills before the eyes of the astonished clerk.—Boston Herald.

A Book and a War.

Copyright questions are grave enough nowadays, but they no longer threaten to end in war as in the case of St. Columba, the Irishman who settled in Iona converted north Britain and is commemorated on June 9. He had a passion for fine manuscripts and copies of them and among others copied a certain Latin psalter belonging to an Irish abbot whereupon King Diarmaid condemned Columba at Tara ruling that "to every book belongs its copy, as to every cow its calf." Columba appealed against the verdict in the practical form of inciting his kinsmen to revolt, and they defeated Diarmaid in the battle of the Psalter. The book is claimed to be the one which in a silver cover was carried into battle by the O'Donnells during more than a thousand years and may be seen at the Royal Irish academy today.—London Chronicle.

If you have job printing to do bring it to The Sun office. For every dollar's worth of work you get you have ten votes on the Library contest.

Mrs. Georgea Lyle of Eve returned to her home yesterday, after a brief but pleasant visit to her parents, Mr. and Mrs. C. J. Mixson, in this city.

We have a quantity of old type metal for sale, which makes the Best Babbitt's Metal for babbitting machinery. Call early at The Sun office.

Second-hand Remington, Barlock, Smith Premier, Rem-She, Caligraph and Fay-Sholes typewriters for sale. For particulars call on or address this office.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The admission to the baseball game today between the Gainesville and High Springs teams will be 25 and 15 cents. Game called at 3 o'clock. If you want an afternoon's enjoyment, go and see the game.

R. A. Becker, who has been in New York for the past few weeks, has returned to his home in this city. He expects to return North after a while, however, when he will accept a position as ship's master.

Rev. F. M. Hartman will continue the protracted meeting at Forest Grove next Saturday, assisted by Rev. S. B. Rogers of the First Baptist Church of Gainesville. These meetings have resulted in great good to the Missionary Baptist Church so far, and a large attendance is expected until the close.

W. F. Smoke, a promising young attorney of South Carolina who has been looking for a location, has gone to High Springs. Although a young man, Mr. Smoke enjoys a fine reputation as a lawyer, and he will be gladly welcomed by members of the profession should he decide to make Gainesville his home.

Our people are sympathizing deeply with Mr. and Mrs. J. L. Grimes in the death of their infant son, J. L., Jr. The little boy was but a little over eight days old, and was very promising from birth until he taken jaundice and hives, which served as a fateful complication. The funeral services were conducted by Rev. J. J. Farmer, and remains interred in High Springs cemetery.—High Springs Hornet.

Wade Thomas of Monteocha was in the city yesterday. Mr. Thomas states that a marriage occurred at Monteocha Sunday afternoon, the contracting parties being Lee Thomas of LaCrosse and Miss Mary Shaw of that place. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. W. A. Shaw, Rev. J. R. Dukes of the Primitive Baptist Church officiating. The contracting parties are popular young people, and are being congratulated by their numerous friends. They will reside at LaCrosse.

Phifer Brothers.

Miss Bettie Miller has returned from a pleasant visit to friends in Georgia.

John Luverne and son of Haile were among the visitors to Gainesville yesterday.

John Smith, a planter of the Hatchet Creek section, was trading in the city yesterday.

R. McCurdy, pole inspector for the Southern Bell Telephone Company, went to Jacksonville on business yesterday.

J. Douglass Shaylor, formerly of Archer but for the past few years a prominent attorney of Jacksonville, is greeting old friends in this city.

Dr. J. C. Wright and son, C. M. Wright, are in the city from Folkston, Ga. They are representing the Mutual Life Industrial Insurance Association of Georgia and report fine success.

Rev. T. P. Hay, wife and son, Thos. Park Hay, left yesterday for Asheville, N. C., where they will recuperate for a few days, Mr. Hay being on his annual vacation. Friends wish them a pleasant and beneficial outing.

A. M. Endel of Jacksonville is in the city. Mr. Endel, who is engaged in the clothing and gents' furnishing business in that city, states that he is enjoying a good trade but business is rather quiet at this season of the year.

Felix Schneider, delivery clerk in the office of the Southern Express Company, has returned from his former home in Ocala, where he has been visiting relatives and friends. During his absence Mr. Schneider was relieved by Lee Colson.

Friends of Dr. W. H. Sibley will be gratified to learn that he is out again, after an illness which confined him to his home for several weeks. The Doctor expects to leave in a few days for the North, where he will spend the remainder of the summer.

Notice.—Liberal reward will be paid for return of lady's silver watch and cameo pin, set in gold, which were stolen from my house July 20th. Watch has the inscription S. C. S. on case. No questions asked if returned at once. Communicate with me or A. P. Reed, Wm. B. Turner, City. d5t

Judson Jones, a progressive trucker of Rocky Point, was among the visitors to this city yesterday. Mr. Jones came to Florida from Washington, D. C., and purchased the M. B. French property at Rocky Point, which is among the most fertile in that section. He is well pleased with both his new home and avocation.

G. C. Kirkland and C. H. Porter of Lake City arrived in the city yesterday and registered at the Brown House. Mr. Kirkland is president of the General Electric Company, dealers in electrical and plumbers' supplies, and has come with a view of locating and engaging in business here. He will be gladly welcomed and will no doubt enjoy a good trade.

Malbra Rogers Better.

Friends of Rev. and Mrs. S. B. Rogers will be gratified to learn that their six-year-old son, Malbra, who was the victim of an accident, the wheels of a heavy vehicle passing over his body near Tallahassee Friday, is greatly improved. A telegram to friends in this city yesterday from the parents, who are both at the bedside of the child, bears information that the little patient is considerably improved, and the chances are favorable for his recovery.

Death of Mr. Ward.

Information was received in this city Monday of the death of S. L. Ward, which occurred at his home at Orange Heights Sunday.

Deceased was one of the most widely known and most prominent residents of the East End. He was a brother of Mrs. George M. Lynch of this city, to whom the sympathy of friends is extended.

Attention, K. of P.

The regular weekly meeting of Mt Vernon Lodge No. 20, Knights of Pythias, will be held at the lodge room over Dutton's bank this evening at 8 o'clock. There will be work in the rank of Knight. A full attendance is desired, and visiting brothers will receive a cordial welcome.

N. R. CARTER, C. C.
E. G. BAXTER, K. of R. & S.

A Jolly Party.

A jolly party of ladies left this city Monday for Worthington Springs to recuperate for a few days. The party comprises Mrs. Annie J. Brown, Mrs. George Estabrook, Mrs. George W. Hyde, Mrs. G. B. Tison and her little daughter, and Misses Manners and Lynn. [illegible] of the party wish them a
